

THE RUGER® SR9®

The Ruger® SR9® is one of the slimmest, most comfortable and controllable 9mm pistols available today. With an adjustable 3-dot sight system, Picatinny rail, ambidextrous manual safety/magazine release, and a unique reversible backstrap, the SR9 packs all of the features required by today's most demanding shooters.

FEATURES:

- Stainless Steel Barrel
- Stainless Steel Slide
- High Performance Glass-Filled Nylon Frame
- 17+1 or 10+1 Capacity
- Overall Weight: 26.25 oz
- Overall Length: 7.55"
- Overall Width: 1.27"

Available in Brushed or Blackened Stainless finishes with Black grip frame, or in Blackened Stainless finish with OD Green grip frame.
